

Relationships between Teachers and Students

Educational Attitude

- System of attention and restriction
- Students get a new chance after a fail in another school
- Students get a new chance every day after conflicts and breach of rules
- Special perspective on individual needs and situations of the child
- Develop understanding of student's behaviour
- Every student must have a perspective
- Authentic teachers' personalities
- Relationships to students is characterized by trust and reliability

Instruments of Action

- Class teacher system, personal contact teacher for every student
- Feedback-Conversations
- Home visits
- Weekly telephone contacts to families and youth welfare office
- Social trainings (Fit for Life, Class Council)
- Interdisciplinary cooperation with all authorities working with the student
- Child and Youth Conferences

Further aspects

- Supervision
- Case Counselling
- Support and accompaniment in conflicts (special forms to document conflicts, conversations, give students time to calm down)
- Individual plans for special education
- Teachers' and Students' evaluation lists for social and learning behaviour
- Class trips and excursions (Laumann farm)
