

Erasmus+

Pupil- teacher relationship

C.S.E.I. CRISTAL ORADEA, ROMANIA

Frenchen, 23-25.11.2021

Pupil-teacher relationship

What we want to obtain?

- Improved relationships and communication
- Developing: trust , empathy, positive attitude
- Developed social skills

We celebrate together

We celebrate together

We celebrate together

Let's dance....

21.01.2020

All together puzzle

-nano-painting technique

19.02.2020

All together... now

- the colors from The beatles song

6.10.2020

Learn about our partners...

We organized a series of activities about the partner countries from the Erasmus project

Every time, for each class we choose a country we are talking about.

We provide information about: language, gastronomy, iconic buildings...what are representative for that country.

We try to rotate the countries: the same country is not distributed twice for the same class.

During this activities, we use art-therapy to improve relationship between teacher and pupil

Erasmusdays 2019-

art therapy- create art works using the colors of the national flags of the partner countries

Erasmus garden(second part of the activity)- Celebrating 9 May- Europe's day

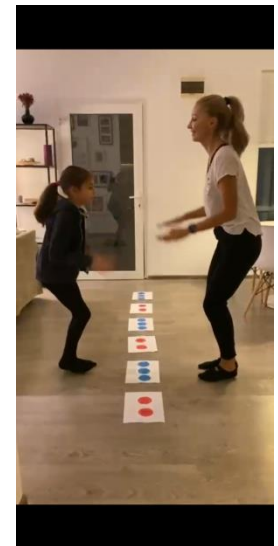

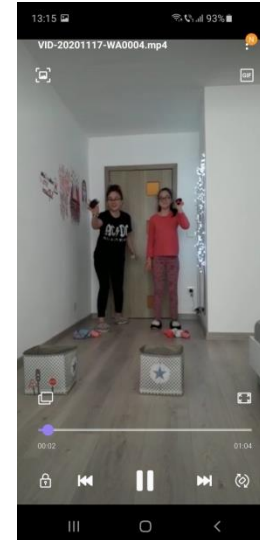

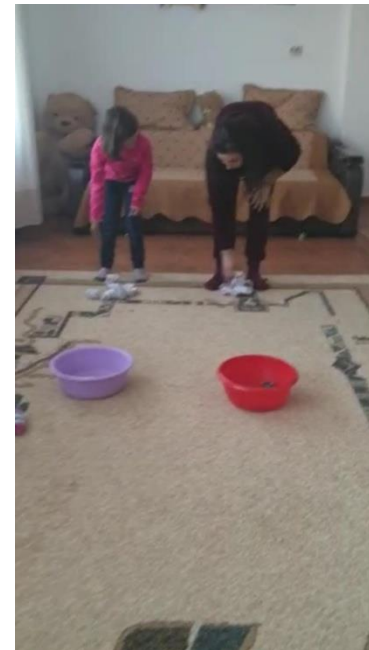

Celebrating Europe's Day –

11.05.202- online activity

Paper plane game

- our task for *Heinrich Böll Schule*
(online activity)

Activities during pandemic times

-our struggles...and what we learn....

- The online activities were full of challenges and frustration
- That special time taught us to think different, to learn new things that otherwise we didn't learn
- Our main goal: to maintain a constant contact with our students and try to improve our relationship with them
- It's challenging to work with SEN children during computer, not face to face
- Distance learning in pandemic time is a real challenge, but not impossible.
- We can organize extracurricular activities even online , it's hard, but not impossible

Relationships among staff

What we want to obtain?

- Improving cooperation, mutual respect, dialogue, appreciation
- Increasing group cohesion, performance
- Increasing the quality of educational acts

All together.... be healthy , be sporty

Learn... from each other **co-teaching**

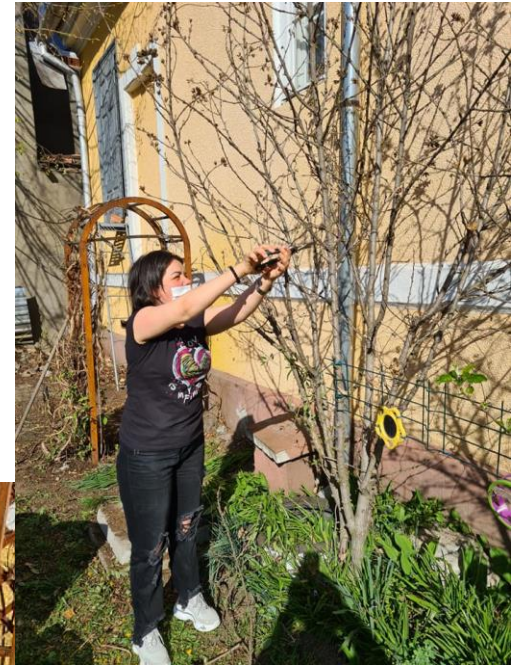

CREATIVE WORKSHOP

All together against COVID 19

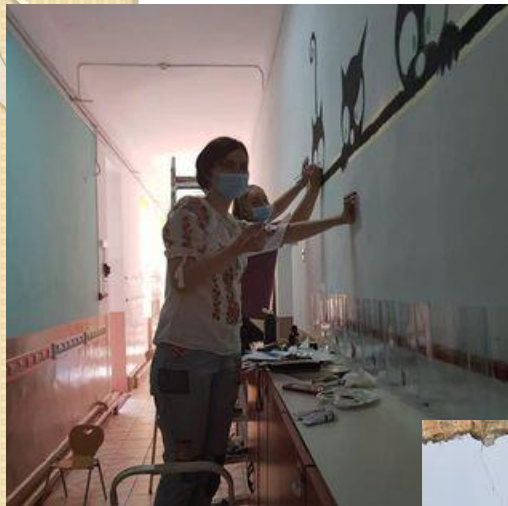

Erasmus garden 2021 (first part)

-preparing the space for the Erasmus flowers

Improving our working space ... for everybody

THANK YOU
