

Erasmus minutes 6.10.2021

Attendees

Germany: Annette Groß (Heinrich-Böll-Schule),
Cathrin Bernroth; Astrid Oelgemoeller (Janusz-Korczak-Schule)

Romania: Ramona Vesa

UK: Lizzie Tucker

Bulgaria: Galina Sahieva; Donka Hristova

1. Organisation of mobility

a) Date

22nd – 26th of November 2021

b) Place

Heinrich-Böll-Schule, Frechen

c) How many people?

3 from Bulgaria (1 Double room, 1 Single room)

2-3 from England

2-3 from Ibbenbüren

2-3 from Romania (1 Double room, 1 Single room)

Schools send exact number and names of participants and the need of hotel rooms via mail to Annette (as soon as possible).

d) Entry Regulations (Robert-Koch-Institute, relevant informations)

- *"This means that persons aged 12 or over must, as a rule, possess a negative test result or proof of vaccination or recovery when entering the country. The general obligation to furnish proof applies irrespective of the mode of transport whether the person previously spent time in a high-risk area or area of variants of concern." -> **all people need this***
- *"On account of the dynamic development of infections, new high-risk areas and areas of variants of concern may need to be determined at short notice."*
- *"**Obligation to register:** Travellers who spent time in a risk area are obliged to fill out the digital registration on entry at <https://www.einreiseanmeldung.de> and carry the confirmation with them when entering the country."*

- **“Special obligation to furnish proof:** Travellers who spent time in a high-risk area must carry with them a test result or proof of vaccination or recovery.”

“The proof must be uploaded via the upload portal of the digital registration on entry at <https://www.einreiseanmeldung.de>

Travelers should use the individual link on the registration confirmation (PDF document) for this purpose.”

- **“Ending quarantine:** Quarantine at home **may be ended early** if proof of recovery, proof of vaccination or a negative test result is submitted via upload portal of the digital registration on entry at <https://www.einreiseanmeldung.de>. ...
*If you spent time in a **high-risk area** prior to entry, the relevant test may **not be conducted earlier than five days** after entry (test to release possible from day five following entry). Vaccinated and recovered persons can end the quarantine from the time when the proof of vaccination or recovery is transmitted via the entry portal. If the transmission takes place before entry (strongly recommended), no quarantine is needed.”*

At the end of the day, the decision and responsibility rests with the traveller.

2. Mobility Agenda (provisorily)

- a) Evaluation of Video Workshop
- b) Reorganisation of the project (structure? objectives? activities?)
- c) Paper plane activity: Filming the connections between the challenges (throwing and catching paper planes with pupils and/or participants)
- d) Activity for all: Challenge from Heinrich-Böll-Schule for Bulgaria
- e) Presentations of schools
 - Presentations of work on the last chosen aspect (Teacher-pupil relationship) if schools were able to work on it
 - Presentations of other activities if available
- f) Working on aspect: Relationships between parents and teachers
 - Presentations about work in schools (you can also present work which took place before the Covid-pandemia have started). Please consider that your presentation should contain aspects which could be adapted by other schools.
 - Discussion about aspects which could be adapted for the work in the own school
-> work on it until next meeting

Schools send an email to Annette if they have got more ideas and suggestions for the agenda.

3. All together song

Schools send all parts to Bulgaria. Marija will compose the film. (After yesterday's meeting I remembered that we also decided to create the chorus ("All together") in the language of all countries. If you have done this, please send it to Bulgaria, too.

	All together song	
Heinrich-Böll-Schule	Letters (photos)	chorus „All together” in own language
Janusz-Korczak-Schule	Singing (choir) and GEMA	
“Cristal” Oradea	Colours (photos)	
“Luben Karavelov” Sofia	Numbers (photos)	
The Dales, Blyth	activities / nouns (photos)	

The singing part will be added later.

4. Video Workshop

- a) Schools send possible dates for a video workshop to Annette (day / timeframe). Annette starts a Doodle request. The date with most participating schools will be the video workshop day.
Please consider that some of your staff should participate if possible.
Please send a roughly number of participants of your school as soon as the date is fixed. This is important for the planning of the workshop structure.
- b) Schools send ideas for their contributions via mail to Annette. Please remember the headline: **“How to make relationships work in pandemic times” - What kind of methods did we find?**
- c) We all are aware on the difficult situations in schools. Nobody is expecting perfect, long presentations. Small aspects are also welcome 😊.

5. Erasmus Days

From 14th to 16th of October Erasmus days take place all over Europe. It would be nice if schools could manage to start activities during these days and upload them on the blog. Ramona has sent the link via mail and WhatsApp. Thank you 😊.

6. To do list for all schools

a) For the meeting in Germany:

- Schools send exact number and names of participants and the need of hotel rooms via mail to Annette (as soon as possible).
- Schools prepare presentations about:
 - a. work on the last chosen aspect (pupil teacher relationship)
 - b. work on the next aspect (parent teacher relationship)
 - c. other activities in the context of relationship work

If you haven't done the one or other thing because of the pandemic situation don't worry. Just bring what's possible. Send an email to Annette after your decision and tell how much time you roughly need.

b) For the video workshop

- Schools send possible dates via mail to Annette (day / timeframe).
- Schools participate on the Doodle request. When the day is fixed, schools send a mail with the number of staff who will participate to Annette.
- Schools send their ideas via mail to Annette. Please give me a timeframe of the time you roughly need for your contribution.
- Schools prepare their contributions.

c) Other tasks

- Schools send All together-song parts to Marija.
- Schools think about possible activities for the Erasmus Days in October.
